Alliant Energy Foundation Helps Make Camp Possible

Madison, WI—Easter Seals Wisconsin recently received a donation from Alliant Energy Foundation to provide low income children with disabilities the opportunity to attend Camp Wawbeek in Wisconsin Dells this summer. During the 2018-2019 camp season Easter Seals Wisconsin Camps served nearly 2,000 campers. Sessions included those for children and teens with high functioning autism, cognitive disabilities, and physical disabilities.

Alliant Energy Foundation's support will help Easter Seals meet the ever-increasing need for camperships, providing children with disabilities in financial need from local communities across Wisconsin an opportunity to partake in a unique camping experience that promotes independence and offers challenge as well as fun.

About Easter Seals Wisconsin: For over 90 years, Easter Seals Wisconsin (www.EasterSealsWisconsin.com) has provided services that help children and adults with disabilities gain greater independence. Easter Seals' primary services – vocation rehabilitation, respite services, camping and recreation, information and referral, and public education – benefit close to 10,000 individuals with disabilities and their families each year throughout Wisconsin.
